“Developing a Procurement and Tendering Compliance Manual for Local Government Units” for CHF

New Vision developed a procurement and tendering compliance manual for Local Government Units for CHF financed by the USAID to support 18 LGUs in procurement services which includes procurement gap analysis, procurement manual and coaching for LGUs to use the manual.

The objective is to undertake the development of a manual on public procurement and tendering in LGUs, compliance requirements, and the delivery of four centralized training sessions for beneficiaries in 18 LGUs in the WB, relevant on the job-training, and the implementation of a knowledge transfer program.
