“Developing a Resource Kit for the Implementation of the Code of Conduct for NGOs” for NDC

NDC Institutional Development task included the development of 10 manuals and 15 guidelines & an assessment tool for the NGO sector that reflect the NGO Code of Conduct which includes the main concepts of integrity, transparency and accountability. The task was supported by the World Bank managed by the NGO Development Center NDC. The manuals and guidelines were distributed to more than 400 NGOs to be used as the best practices in Finance and Management of NGOs based on the Code of Conduct.

The overall goal of the Resource Kit was to develop a simple comprehensive Resource Kit up to international and best practices standards in this regard, to be used by NGOs, NDC and training and coaching consultants to help NGOs operationalize and implement the Code of Conduct and be in compliance with the Code.
